LOCAL QSDs, QSPs, & EROSION AND SEDIMENT CONTROL SPECIALISTS

This list includes consultants who are familiar with erosion and sediment control practices and requirements in Santa Cruz County. This is not a complete listing of consultants. Selection of one of the consultants on this list does not guarantee acceptance of their work by the County Planning Department. Inclusion on this list does NOT constitute a recommendation by the County. Please note that Professional Engineers licensed to do Civil Engineering can assist in the design of engineered storm water and erosion control systems (see separate list of Civil Engineers).
