****In situations where the required on-site parking cannot be provided, an on-site parking exception may be requested in conjunction with a Level V Vacation Rental Permit Application, for consideration*

by the Zoning Administrator at a public hearing, who shall make the following finding in conjunction with approval of the parking exception: Existing traffic and parking on nearby streets and properties would not be adversely affected by granting of an on-site parking reduction, as off-site parking is typically available and not subject to significant levels of congestion.
